<p><b>Alert number:</b> <a href="#">A11/00136/23</a></p> <p><b>Notifying country:</b> Denmark  <b>Product:</b> Gel blaster  <b>Name:</b> M82 Gel Blaster  <b>Brand:</b> Unknown  <b>Type / number of model:</b> Unknown</p> <p><b>Description:</b> Multi coloured gel blaster with black sieve grain.  <b>Country of origin:</b> Unknown</p> <p><b>Risk type:</b> Choking &amp; Damage to sight  The gel beads can be put into the mouth and swallowed by children. As the beads expand, it can cause fatal occlusion of the respiratory track or intestinal blockage. In addition, the kinetic energy of the projectiles fired from the toy gun is too high and can lead to eye injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71.</p>	
<p><b>Alert number:</b> <a href="#">A12/03127/23</a></p> <p><b>Notifying country:</b> Poland  <b>Product:</b> Toy bow  <b>Name:</b> Unknown  <b>Brand:</b> Blue Ocean  <b>Type / number of model:</b> 422303PL</p> <p><b>Description:</b> A set consisting of a bow and 3 shafted arrows made of rigid plastic, with suction cups. The toy was sold with a children newspaper.</p> <p><b>Country of origin:</b> China</p> <p><b>Risk type:</b> Choking &amp; Injuries.  The suction cups of the projectiles can be easily detached. A child can put them in the mouth and choke. Moreover, the kinetic energy of the projectiles fired from the toy gun is too high and the leading part is not made of resilient material. This can lead to eye injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.</p>	

**Alert number:** [A12/03076/23](#)

**Notifying country:** France

**Product:** Fancy dress costume

**Name:** Robe de princesse cosplay d'halloween pour filles vêtements fantaisie de fête de carnaval

**Brand:** Unknown

**Type / number of model:** LF50171052QLVC100

**Description:** Blue and gold oriental princess dress with voile cape in paon pattern with accessories (crown, necklace, gloves). Product sold online, in particular via AliExpress.

**Country of origin:** China

**Risk Type:** Chemical

The product has an excessive concentration of bis(pentabromophenyl) ether (decaBDE) (measured value up to: 5205 mg/kg). DecaBDE might cause neurodevelopmental behavioural defects and is very persistent and bio-accumulative, posing a risk for the environment and human health. The product does not comply with the Persistent Organic Pollutants (POP) Regulation.

**Alert number:** [A12/03120/23](#)

**Notifying country:** Lithuania

**Product:** Rattle toy set

**Name:** Baby Rattle

**Brand:** Fei Pan

**Type / number of model:** 326-B127

**Description:** Set of four colourful hard plastic rattles.

**Country of origin:** China

**Risk type:** Choking

The set of rattles has small parts. A small child could put them into the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.

Alert number: [A12/03117/23](#)

Notifying country: Lithuania

Product: Plastic doll

Name: Emoticon cute doll

Brand: Unknown

Type / number of model: 8823

Description: Toy doll made of polymer, in a plastic bed and with colourful clothes and a headband.

Country of origin: China

Risk type: Chemical

The plastic material of the doll has an excessive concentration of bis-2-ethylhexyl phthalate (DEHP) (measured value: up to 17.4% by weight). This phthalate may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation

Alert number: [A11/00135/23](#)

Notifying country: Poland

Product: Soft toy

Name: Maskotka miekka

Brand: DEEF

Type / number of model: 3392

Description: Soft toy, a teddy bear, size: 240 mm.

Country of origin: China

Risk type: Choking

The fibrous stuffing material of the toy is easily accessible due to the weakness of certain seams. A small child may put the filling material in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European Standard EN71-1;

Alert number: [A12/03082/23](#)

Notifying country: Lithuania

Product: Plastic doll

Name: Baby Girl

Brand: Happy day

Type / number of model: 8822

Description: The baby doll is made of plastic with a white dress.

Country of origin: China

Risk type: Chemical

The plastic material of the doll has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured values up to 15.2 % and 0.24% by weight, respectively). These phthalates may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.

**Alert number:** [A12/03090/23](#)

**Notifying country:** Sweden

**Product:** Balloons

**Name:** Balloons

**Brand:** Unknown

**Type / number of model:** 491-661670

**Description:** White balloons with red handprint

**Country of origin:** China

**Risk type:** Chemical

The rubber of the balloons releases an excessive amount of nitrosatable substances (measured total value: up to 1.88 mg/kg). Nitrosatable substances can be transformed into nitrosamines which may cause cancer through ingestion or dermal exposure. A child could be exposed to them when touching or putting the product in the mouth. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-12.

**Alert number:** [A12/03036/23](#)

**Notifying country:** Lithuania

**Product:** Expandable toy

**Name:** Growing Pet Eten-Em

**Brand:** Unknown

**Type / number of model:** Unknown

**Description:** The product consists of a red shell of brittle material with holes, with a green, highly absorbent polymer, rhinoceros inside. When immersed in water, the swelling material increases the size of the cornea and breaks down the eggshell.

**Country of origin:** China

**Risk type:** Choking & Injuries

The product expands 50% in size when in contact with water. If a child puts it in the mouth or swallows it, the contact with saliva or stomach liquids will cause the figurine to expand, which can result in occlusion of the respiratory track or intestinal blockage. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71.
